AIRPOINT AT A GLANCE

AirPoint at EIA is comprised of four multi use sites located at the heart of the EIA master development that comprises over 1,000,000 square feet, planned or under construction including operational assets such as Outlet Collections, Big Box retailers, Hotels, Restaurants, and future Office Campus.

The sites are located at the main entrance to the Edmonton International Airport, boasting high visibility from Highway 2, and are located between the Premium Outlet Collection and Costco.

With ample local amenities including unique identifying elements such as a feature canal, adjacent golf course, horse racetrack, and vibrant retail and hospitality setting, these sites also mark an ideal and prestigious location for regional and international office headquarters.
